

Riddle Me This: K-1st

Welcome to this month's collection of math riddles for Kindergarten and 1st Grade! These activities are designed to build number sense, pattern recognition, and early logical thinking skills through playful, engaging questions.

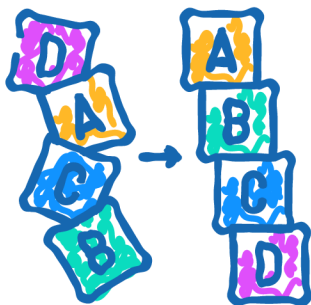

Each riddle encourages conversation, imagination, and foundational math understanding in a low-pressure format. These can be used as warm-ups, centers, or small group activities. Feel free to read riddles aloud or adapt them for group discussion!

Activity 1: Counting Story Riddles

Activity 2: What Am I? Math Vocabulary

Activity 3: Number Patterns Simple Sudoku

Activity 4: Picture Puzzles

Activity 5: Size Sorter
